

Hospital Pharmacists Association of Ireland

Annual Educational Conference
Crowne Plaza Hotel, Santry, Dublin
Fri 3rd - Sun 5th April 2020

Preliminary Itinerary and Programme

Note – Information Updates: Information relating to the conference is available on www.hpai.ie
Please check regularly for updates.

Friday 3rd April 2020

Special Interest Group (SIG) Meetings will take place on **Friday evening from 6.45-8.30pm**. Further information will be posted on www.hpai.ie. To attend a SIG meeting you must register for the meeting when registering for the conference.

The sign-in desk will be open on the **Friday evening from 6.30pm to 7.30pm**. We ask members attending the SIG meetings and those present to sign-in at this time.

When registering for SIG meeting please also indicate whether you will require dinner after the meeting.

Note – Conference Access: Conference facilities and the pharmaceutical exhibition may only be attended by registered delegates. Conference badges for exhibitors and delegates will be required to gain entry to the conference area. To avoid being refused access, it is essential that delegates sign in at the appropriate time and wear name badges prominently for all sessions.

Saturday 4th April 2020

- 8.15am** **Sign-in & Coffee**
The sign-in desk will close at 9.00am sharp
- 9.00am** **Workshop Session 1**
- 10.45am** **Pharmaceutical Exhibition**
- 12.45pm** **Lunch**
- 1.45pm** **AGM**
Note: The AGM may only be attended by fully paid members of the HPAI
- 3.15pm** **Workshop Session 2**
- 7.00 pm** **Dinner Reception**
- 8.00 pm** **Dinner**

*Please note that the dinner is funded by HPAI members and not through pharmaceutical industry sponsorship.

Sunday 5th April 2020

9.00 am	Short Oral Presentations
10.30 am	Coffee & poster exhibition
11.00 am	Announcement of 2020 Winners Pharmacist Poster Winners - Categories: 1, 2 and 3.
11.15 am	Sotiris Antoniou, Chair of international Pharmacist for Anticoagulation Care Taskforce (iPACT): Pharmacists collaboratively working to improve patient care
12.00pm	Interpreting the Data from Clinical Trials Patrick Dicker , Department of Epidemiology and Public Health Medicine, RCSI
12.55 pm	Closing comments
1.00 pm	Lunch

Note: Posters will be on display from 12 noon Saturday until 1pm Sunday.

Workshop sessions

Delegates will have the opportunity to attend **2 out of the 6** workshops.

Workshop 1:

Parkinson's Disease in the hospital setting

Workshop description

This workshop aims to provide an overview of Parkinson's Disease (PD) and focus on current and emerging therapies, hospital-specific issues that arise in these patients and non-pharmacological measures in disease management

Learning objectives

At the end of this session participants will be able to:

- Understand the motor and non-motor symptoms of PD
- Understand the various pharmacological and non pharmacological options for treatment
- Discuss the management of complications in PD that can arise in hospital settings
- Be familiar with clinical trials exploring future therapies

Facilitator details

Dr. Erin Crowley, Lecturer in Clinical Pharmacy and OPERAM Study Co-ordinator, School of Pharmacy, University College Cork

Workshop 2:

Diabetes Management

Workshop description

The world of diabetes is changing rapidly and with medical and nursing colleagues performing strongly in their roles. So, where do Pharmacists fit into the diabetes multidisciplinary team? What innovations can we bring to the table and how can we work to keep our patients safer?

Learning Objectives:

- Discuss the changes in approach within diabetes practice encompassing the CaReMe methodology to patients management
- Understand the impact of frailty on diabetes management and how to approach achieving reasonable treatment targets.
- Gain knowledge of ways to enhance diabetes care through clinical pharmacy involvement in MDTs and safety innovations that can be adapted to own practice/organisations

Facilitator details:

Matthew Heppel, Senior Pharmacist for Education and Training and acute medicine, Hull University Teaching Hospitals.
Ines Fonseca, Lead Diabetes and Endocrinology Pharmacist, Sheffield Teaching Hospital NHS Foundation Trust.

Workshop 3:

Aseptics

Aim of workshop / Brief description

To provide an overview of the role of the Pharmacist in the Aseptic Compounding Unit

Learning Objectives:

At the end of the session participants will be able to:

- Have a good understanding of the role of the Pharmacist in the Aseptic Compounding Unit (ACU)
- Understand the steps involved when introducing a new drug into the ACU including assigning of stability
- Become familiar with microbiological monitoring in the ACU and understand the significance of the results
- Understand the steps involved in final product release in the ACU

Facilitator details:

Olivia Flynn, Chief II Pharmacist, Cancer Services, University Hospital Limerick
Tadhg Reddan, Chief II Pharmacist, Cancer Services, St Vincent's Private Hospital

Workshop 4:

Management Workshop

Aim of workshop / Brief description

To provide effective Interviewer skills to those in management positions.

Learning objectives:

Provided on the day

Facilitator details

Jo Irwin
i4trainingservices.com

Workshop 5:

Medication Related Hospitalisations

Workshop description

Drug-related admissions generally (inclusive of all drug-related problem types, introducing tools to support screening and prediction of adverse drug events).
The second part will deal with identifying admission due to adverse drug reactions, focussing on the use of the AT_HARM10 tool developed by Ulrika and her group.

Learning objectives:

Understand Drug-related admissions generally (inclusive of all drug-related problem types, introducing tools to support screening and prediction of adverse drug events).
The second part will deal with identifying admission due to adverse drug reactions, focussing on the use of the AT_HARM10 tool developed by Ulrika and her group.

Facilitator details:

Dr [Tamasine Grimes](#) Associate Professor in Practice of Pharmacy, TCD
Dr [Ulrike Gillespie](#), Uppsala University Hospital

Workshop 6:

EAHP Academy Seminar feedback: Qualitative Research Methods

Workshop description

In 2019, the European Association of Hospital Pharmacists (EAHP) held a 2 day seminar on Qualitative Research Methods.
EAHP Academy Seminar description: "What is qualitative research? Why is it used? How is it performed? When we evaluate hospital pharmacy services or develop new ones, what do we need qualitative research for? Qualitative research aims to answer the questions what, how and why. What do patients think of their medicines? Why patients do not use their medicines as intended? How do they take them instead and why? Qualitative research can be used on its own or alongside quantitative research to answer research questions. A multitude of different qualitative methods and

approaches to qualitative analysis exist and it is important to know their advantages and disadvantages to select the most appropriate for a certain health services or pharmacy practice research question.”

This workshop will apply the methodologies outlined in the seminar by focusing on: “What is qualitative research? Why is it used? How is it performed?”

Learning objectives:

- Explain what qualitative research is and why it should be used.
- Formulate qualitative research questions and prepare topic guides.
- Apply methods used in qualitative interviews, including focus groups.

Facilitator details

Sarah Doyle: Sinead is a senior clinical pharmacist and works in Portiuncula Hospital, Ballinasloe. She is a committee member of the Cardiology SIG of the HPAI.

Virginia Silvani: Virginia is a Hospital Pharmacist working in Cork University Hospital. She is an adjunct lecturer at University College Cork and clinical lecturer in Trinity College Dublin. She sits on the Scientific Committee of the European Association of Hospital Pharmacists (EAHP).

Accommodation

Reservations can be made for either of the hotels below.

Telephone Contact:

Crowne Plaza Hotel, Northwood, Santry, Dublin

Holiday Inn Express Hotel, Northwood, Santry, Dublin

1800 848 270

(01) 862 8866

Website Information

www.cpireland.crowneplaza.com - choose 'Northwood'

www.hiexpress.com - search for 'Dublin airport'

There is a special conference rate up to one month prior to the start of the Conference.

Crowne Plaza Hotel

Double Room and Breakfast €144

Single Room and Breakfast €135

Holiday Inn

The Holiday Inn Express is next door to the Crown Plaza and offers Conference rates of €110 including breakfast

Please state that you are attending the conference when booking

Parking

Parking Facilities are available in the Crowne Plaza Hotels. The hotel car park is very busy on the Saturday morning. To avoid delays, please ensure you allow sufficient time to park and register for the conference before 9am.

There is **no public parking available** in any of the apartment block car parks. You will be clamped if you park here.

HPAI Advises delegates to use public transport and avoid parking at the hotel as parking is limited

Registration and Conference Fees

Please note that you **MUST** have paid your 2020 HPAI membership **BEFORE** registering for the conference. Membership status will be verified on registration for the conference.

To avoid disappointment it is important to register as early as possible. Places are filled on a first come, first served basis.

**Final date for the registration is March 29th (Please see registration rates below)
Cash will NOT be accepted on the day**

Type of Delegate	Fee	Late Fee (March 7 th – 29 th March)	From 29 th March and On the day registration fee
HPAI Member	€70	€95	€110
HPAI Associate Member	€70	€95	€110
Pharmacy Intern	€20	€25	€50
Retired HPAI Member	€20	€25	€50
Non-HPAI Member	€500	€500	€500

Please note that conference fees include one free gala dinner ticket. Extra tickets at a cost of €55 euro may be purchased. To help us predict dinner numbers for Saturday night, please tell us on registration if you know you cannot attend the gala dinner. Please note there is no meeting fee reduction allowed if you cannot attend the dinner. It is also necessary to tell us your workshop preference when registering.

Method of Registration:

- The **ONLY** method to register for the conference is online via the [HPAI Events tab](#) at www.hpai.ie
- **Procedure:** Go to the www.hpai.ie website, log in and click on 'Conference 2020'.
- Workshops are repeated in the afternoon.
- You will be allocated a different workshop in the afternoon. We will try to suit your preferences as best we can, though it may not be always possible.
- Online payments can be made through www.hpai.ie via Paypal. This means the HPAI do not hold any of your credit/laser card details.
- If you wish to attend a SIG please sign up when registering for conference on Ex Ordo

If you have any questions relating to registering for the conference please email hpaieducation@gmail.com
