

**\*\*\* Senior Pharmacist Antimicrobial Stewardship and Theatres – VACANCY \*\*\***

**About Blackrock Health Hermitage Clinic**

The Hermitage Clinic is a private hospital in Lucan, West Dublin that has just undergone an exciting merger to form one third of the Blackrock Health group. Our specialised teams provide medical, surgical and advanced radiotherapy care to patients and are supported by the very latest medical technology. The Hermitage Clinic is committed to providing excellence in patient care using state-of-the-art facilities.

The Pharmacy department provides an advanced clinical pharmacist service to all wards, supported by our medicines management pharmacy technicians (MMPTs). The dispensary is responsible for dispensing all non-stock requisitions as well as dispensing all Discharge Medication (TTO) prescriptions. Our oncology pharmacists provide a clinical and aseptic preparation service to our substantial oncology service.

**About The Role**

The Senior Pharmacist 'Antimicrobial Stewardship and Theatres' is responsible for the auditing and monitoring of antimicrobial therapy as well as offering insight into the appropriate prescribing of antimicrobials. This exciting new role also requires the postholder to provide the services of a link pharmacist to the medicines management processes within our theatres. The postholder will work closely with the Head of Pharmacy, Microbiologists and Surgical staff.
