

PHARMACIST

Full Time Permanent Contract

We are now inviting applications for the above post from a suitably qualified and experienced pharmacist to work on a fulltime basis for a probationary permanent contract.

The duties of the position include:

- Participation in the ward clinical pharmacy service in addition to dispensary-based inpatient and outpatient services.
- Advising medical and nursing staff on the safe, effective and economical use of medicines.
- Assisting in further development of the clinical pharmacy service, clinical audit as well as policy and protocol updates.
- Co-operation in the development, implementation and ongoing review of the hospital medication management system.
- May involve working in the aseptic compounding unit/oncology service following adequate training.
- Saturday work on a rotational basis.
- Undertaking continuous education to ensure knowledge of and familiarity with new developments/methods related to the medical field.

The ideal candidate will:

- Have a degree in Pharmacy.
- Be registered or eligible for registration in the Register of Pharmaceutical Chemists of Ireland.
- Have satisfactory post-qualification experience preferably in a hospital setting.
- Have excellent organisational and interpersonal skills.
- Be committed to quality improvement.
- Oncology experience is desirable but not necessary.

Informal enquiries in relation to this position can be made by contacting Susanne O'Shea, Chief I Pharmacist, Bon Secours Hospital, College Road, Cork at (021) 4801758.

To Apply:

Application for the above post is by way of letter and 1 copy of your Curriculum Vitae (unbound) to Mandy O'Sullivan – Recruitment Specialist, Bon Secours Hospital, College Road, Cork or email ajosullivan@bonsecours.ie

Closing date for receipt of completed applications is Friday 14th February 2020
