

Senior Clinical Pharmacist

The Role

We are seeking to recruit a senior pharmacist to join the Pharmacy department at the Hermitage Medical Clinic. As a senior member of the team, the Pharmacist will demonstrate and develop previously acquired clinical and technical experience. You will be surrounded by senior and basic grade pharmacists and technicians with vast experience of the clinical environment and healthcare systems within the UK and Ireland. The position requires a collaborative approach to the development of services and structures, embracing continuous quality improvement and the management of change necessary to achieve organisational objectives.

The Hermitage Medical Clinic is a private hospital providing a full range of medical and surgical care across a broad spectrum of specialities. The Pharmacy has responsibility for the provision of clinical pharmacy, dispensary, and medicines management education and training services within the Hospital. The Pharmacy provides support across the clinical areas of the hospital and this role is important in making a significant contribution, developing and maintaining best practice in Pharmacy services. This includes the provision of the highest level of safety and regulatory compliance.
